I've been voting by mail in every election since I turned 18 in 1998. 27 years in a tried and tested system that has a proven track record of being reliable and accessible.

When I chose to become an EMT and serve my community, I didn't have to spend a single second thinking about how I would still engage in my civic duty of voting. I had to work any hour of any day, even holidays like Thanksgiving and Christmas. But I always knew when November rolled around, my ballot would be waiting for me at home to make my voice heard with the rest of my community.

Do not take that ability and choice away from me, and the other men and women out there serving you, and keeping you safe.
