

Submitter: Jacquelin Muro
On Behalf Of: Progressives for Fair Elections
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

I fully support and endorse SB 210 as the only effective means to ensure Oregon Ballots get to registered OREGONIANS subject to a valid ID. This would eliminate non-citizens, non-residents, and deceased persons from voting and skewing the election results as in years past.

Please vote YES on SB 210!! ??????????
