

Submitter: Denise Kuhn

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's vote by mail is the gold standard for voting. Setting limitations on day and hours of voting, severely limits the ability of many to exercise their constitutional right to vote. Leaving our voting system as it is currently exists, allows workers, the disabled, seniors and those with transportation issues more flexibility to vote on the issues that affect us all. I wholeheartedly reject this proposed bill.
