Oregon is one of the best states in the country, and many of the factors in that are supported by it being one of the easiest to vote in. Not everyone has the time available to wait in line at a polling station; many of us have work schedules that simply won't allow us that time. What's more, mail-in ballots gives us time to properly research candidates and issues, to ensure that voters can make well-informed decisions. Forcing in-person voting will only hurt civic engagement and make all of our lives worse.
