

Submitter: David K

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I oppose this measure for several reasons, including 1) The vague language used, like "adjacent grounds." 2) The provisions that empower small entities to nullify lawful concealed carry on their premises. 3) The banning of vaguely defined accessories.

Violence in our society is a problem that must be addressed, but this is not the way to do it.
