

Submitter: Kara Hedberg

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Wow, whoever wrote this bill is extremely out of touch with how things work in the real world. Our state touts the highest level of voter engagement due to the manner in which we conduct our voting. Making a change to the best system in the country is tone-deaf at best and malicious at worst. I can only assume this bill was written with malice on their rotten hearts. Shame on them. Maintain vote by mail or encounter the wrath of the people!
