I am writing in opposition to your shameless bill blocking thousands of people from potentially being able to cast a vote here in Oregon. People who work full time and pay for your wages through taxes should not have to jump through hoops and take a day off work, potentially driving over an hour both ways, in order to help you maintain your positions in office. Additionally, the disabled, elderly, and those living in rural areas would be disproportionately harmed by this bill. Simply put, this is another form of gerrymandering designed to keep certain people, namely the working poor and disabled communities, from taking part in our democracy. Please vote in opposition to this blockage to access to the democratic process!
