Measure, Appointment or Topic: SB210

This is a voter restriction bill that would add significant costs to our election. Passing it would only make it harder for people with families, disabilities, or working class people to vote.

Voting is a right and should be accessible for everyone.

“In the 2024 rankings, Oregon remains the most accessible state for voters, while Mississippi is now the most restrictive. Furthermore, the research uncovers a trend of increasing polarization in voting accessibility, with Republican-controlled states generally enacting more stringent voting laws and Democratic-controlled states adopting more voter-friendly measures.” Cost of Voting in the American States: 2024
