Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by mail is a great system. It allows us to sit at our table with the voter's guide and truly evaluate which way we want to vote.

I am a senior citizen without car access. Going to vote (probably in the pouring rain) would be difficult. When we worked, husband and I had 12 hour shifts, wiping us out. Going to vote live would be draining.

Please don't change our effective system!
