Measure, Appointment or Topic: SB210

For the entirety of my adult life in Oregon we have had a vote by mail system that not only encourages voting, but makes it accessible, and that has shown no sign of rampant voter fraud (quite the opposite over the many years we've had it). We do not, under any circumstances, need to introduce new obstacles in the process to do our civic duty and vote, or upset and upend a system that has served our state perfectly well for decades. Attacks on mail in by Oring are little more than attacks on our individual rights to vote and participate in our democracy, or suppress the vote by excluding members of our hardworking public from being able to do so. I oppose this measure, it is an insult to the people of our great state.
