

Submitter: Emma Empol

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Mail in voting is secure and the way to give access to the most people without causing the most harm. I am a highschool teacher, I like many other adults work during the day and cannot come down to vote the day of. Not to mention how this will affect schools because many schools are often used as polling places in other states causing families to provide not only child care now but find a time between watching their child and working to vote. Our system is built for the working family. For individuals with disabilities who for whatever reason cannot be in a polling line. I urge a strong vote against this bill, save our mail in system.
