

Submitter: Christopher McMillan

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Mail-in ballots allow every Oregonian to vote. Many of us have to work on the day assigned for in-person voting, requiring us to miss work in order to vote, as our hours of employment, and other obligations, might not allow us the luxury of waiting in line at a polling place. Voting by mail has been PROVEN SAFE in Oregon for years. Yes, issues might exist, but not enough to justify imposing restrictions on the legal voters of the state. Yes, I'm aware of the recent issues with the automatic registration by the DMV, but that issue is being resolved, and the number of fraudulent votes DO NOT warrant dismantling the system. Let Oregonian vote as they want, or in some cases, as they can. I support mail-in voting, and I demand our state representatives do the same.
