

Submitter: Melissa Westgard

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose the arcane practice of in person voting on a Tuesday. I remember the Oregon elections of my youth. It was a hardship to make it to the polls, for working people and for the elderly and for the disabled. In person voting only creates a barrier to the democratic process and makes undue sacrifices necessary to perform our civic duty. It's a reactionary policy of a party who obviously doesn't feel as confident in their electoral victory as they claim to be.

Preserve vote by mail!
