It is imperative that we Oregonians have the opportunity to vote in person to assure our votes are recorded properly and not mishandled. Since 1987 when mail in voting began in Oregon there has not been 1 republican in office. This is not by chance or coincidence at all! We the people need to have our voices heard. There have been measure after measure passed against the will of the people due to the installation of hand picked puppets. That needs to end now! We have the technology for block chain voting and yet it hasn't been put in place. I and many Oregonians are against the Marxist regime you have in place. In every aspect of this once great state. Illegals and dead people added to the voter rolls as well as votes stolen from our homeless and votes being changed from one party to another! Enough is enough! Oregonians demand change! Now!
