

Submitter: Beverly Sherrill

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting from home with Oregon's vote by mail system has increased voter turnout. This is because we have time to read the voter's pamphlet and research candidates and measures before we vote. Drop the completed ballot in the mail or an official drop box by 8 pm on election day. Eliminating vote by mail will severely disenfranchise voters everywhere making it more difficult to vote because voting would be only on one day. Those days are long gone.
