On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose this bill as Vote by Mail is an essential part of Oregon's democracy and our rights as citizens of this state and this country. Any limitations placed on every Oregonian's ability to vote by mail early and in advance of Election Day is unacceptable, inequitable, and does not meet the will of the people, the rights outlined by our state constitution or the US constitution. So many people in our state rely on the flexibility that early voting and vote by mail allow us, as reflected by our high voter turnout. Access to vote is critical to a functional democracy. With clear and overt certainty I oppose.
