

Submitter: Jennifer Green

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail works! As a registered voter in Tillamook Ct, I am 110% opposed to this. This is an attempt at voter suppression that limited the rights of registered voters. . I see no legitimate reason to change what has been working for, what some 20 years? No points are going to be won with this bill. There is this old adage, if it ain't broke don't fix it. This is more of the slippery slope to more than voter suppression. Rights as we know them, law and order, the constitution, all of in jeopardy. I don't think I have to tell anyone at the end of this, that Oregon elections are secure and voter fraud is not a problem. Making voting harder for legitimate registered voters is a waste of taxpayer money and beyond not necessary.

Again, as a registered voter of Tillamook County, I am opposed to this bill or any action that will change how voting is conducted in Oregon today.
