

Submitter: Linda Dinnocenzo

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I think this bill which is trying to outlaw the vote by mail is an attempt by the trump administration to suppress the vote . Voting at a polling or voting booth requires transportation, time , money and mobility. I am a caregiver by trade and I work for mostly disabled people who would have a much greater difficulty with this requirement as well as myself. This bill is trying to suppress the voting public in general and is anti democratic as well. I voted in Oregon before we had vote by mail and it was definitely more difficult. I urge you to preserve our democracy and maintain our current system of voting.
