

Submitter:

Joanne Stevenson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

We use to have polling booths in my 50 years of living here but find vote by mail far more convenient with even nearby ballot boxes to put them in. Can't understand why our legislature would take vote by mail from our many rural people. Our vote by mail is far less expensive and inclusive than voting in person . Joanne P Stevenson

PS How many people were really informed about this

In time to send testimony?
