

Submitter: James Ussery

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is essential because it makes it easier for everyone to vote. It helps people who might have trouble getting to a polling place, like those with health issues or busy schedules, cast their ballots from home. This also helps reduce long lines at polling stations and makes the voting process more accessible and fair for all citizens.
