

Submitter:

Pat Himes

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's adoption of mail in voting was a huge improvement for voting rights, making the voting the process much simpler, safer and far more accessible for those with mobility issues or disabilities. Please vote against this measure (SB 210) to help preserve our democracy. Increased voter participation is a good thing and we should be doing everything to preserve it!
