

Submitter: Mark Svendsen

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote-by-mail is a superb way to hold secure and accessible elections. Doing away with it would be a giant step backward for democracy in Oregon. The only possible reason for taking this retrograde step would be to suppress voting by people who have jobs they cannot leave during the day -- an elitist measure if ever there was one.

Deep six this unneeded piece of legislation.
