Vote by mail has been hugely beneficial for me for a number of reasons:

1) I periodically travel overseas for volunteer work I do for two different NGOs. As it happens, I am most often away in November when elections are held. Vote by mail (early) helps me continue to participate when I'm away.

2) Vote by mail is obviously convenient. I don't have to drive somewhere, wait in a line, miss work, etc. I should think vote by mail is helpful for handicapped, elderly, and rural voters too!

3) I think vote by mail helps me be a better, more informed voter. I can take my time and deeply research issues if I have questions. I don't feel rushed.

4) Dare I say it? Vote by mail is much more hygienic!

Keep vote by mail - it works!!!
