Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello

I'm writing in to express my opposition to the proposed bill to make in person voting the standard in Oregon. This is a blatant attempt to make voting less accessible to Oregonians. Our mail-in voting system has an exemplary track record and ensures all registered voters have the time & resources to make informed decisions. Please uphold Oregon's awesome mail-in voting system by rejecting SB210. Thank you!
