

Submitter:

Carol Bohrer

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To Whom it May Concern:

I oppose SB 10. Changing the voting system from mail in voting to in person voting is an unnecessary change that offers no benefit and may cause harm to seniors, disabled people or those that work in n jobs that prevent them from taking time off to vote. The system in place is safe and convenient for all Oregonians.

Sincerely,
Carol Bohrer
