

Submitter: Helen Shearer

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I have lived in Oregon for 30+ years and have found voting by mail to be most convenient and a safe way to cast my ballot. It was especially helpful when my children were young, when I was working full-time, and now that I am a part-time caregiver for a family member. There are many folks who are unable to leave their home for a variety of reasons. Voting by mail ensures that all eligible constituents of this state and country get a say in their government.
