

Submitter: Elizabeth Kirsch

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please do not do this. As a public school teacher, every day I'm not at school is a day I have to prepare a sub plan and cannot be there to support my students. There are folks in other jobs who are working multiple jobs to make ends meet and any time away is food they can't feed to their kids. Oregon has had vote by mail for years. This is as a disheartening attempt to reduce the accessibility of voting that is in line with attempts across the country to prevent certain people from exercising their constitutional right to vote.
