

Submitter: Helen Silva

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To have a true, fair and honest election the election should be in person on the day of the election. We can always provide absentee ballots for those who are out of state or unable to go to the polls on Election Day. This will help to make sure only eligible voters are casting ballots. For the privilege of voting in this great nation we should all be willing to take the time to exercise our vote and go to the polls on Election Day.
