

Submitter: Amber Nobe

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote-by-mail is one of Oregon's greatest contributions to democracy. It makes voting more accessible to people with families, full-time jobs or multiple jobs, mobility challenges, transportation challenges, cognitive challenges, or just modern hectic lives. Receiving your ballot in the mail three weeks before the election gives you time to research and become informed on the issues so you can be an informed voter. It gives you time to vote when and how you want. It gives you time to ask for help or correct any mistakes. It gives election officials time to process ballots. It is safe and secure. Vote-by-mail is the gold standard for voter accessibility. Any effort to undermine it is an obvious attack on voter rights. Make no mistake, limiting vote-by-mail limits the power of the people. Oppose SB 210.
