

Submitter: Sakre Edson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please do not allow these people in Washington to dictate how we vote in Oregon. Voting by mail is easy, safe and allows us to deliberate the issues in the comfort of our own homes and in our own time. It also allows people who have mobility issues or who are working to vote with ease. Ballot drop off boxes are easily found and utilized. This administration has been touting leaving all kinds of things to the states (example: education funding and oversight), so why all of a sudden are they trying to take away our way of voting here in Oregon? This is yet one more issue that they should leave well enough alone! Hands off our Oregon voting! Ms. Sakre K. Edson, PhD
