

Submitter: Mark Sinclair

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB2583

Our grandson lives with us and had been in traditional public school in Toledo, Oregon until the fall of 2020 at which time we enrolled him in Oregon Charter Academy .He has been thriving in this online format. Students in these public online schools should have the same benefits that students in traditional brick and mortar schools have access to.
