SB210

Dear Committee members:

Voting by mail is one of the great privileges of being a resident of Oregon. As a senior citizen, living in a rural area, our current election rules are a great benefit for many in our community. There has been no evidence of voter fraud using our current system, that I am aware of.

Please do not make it more difficult for the many law-abiding citizens in Oregon to vote in our elections.

Sincerely,
Laurie Fox
