

Submitter: Kathy Johnson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To All Concerned,

I urge you to oppose SB 210, which represents a backwards movement in voter access. I ask that you continue the thoughtful, efficient, highly productive and effective vote by mail system we currently have in Oregon. My daughter recently moved to a state without vote by mail and had tales of the difficulty of finding a poll location and the inefficiency involved in in-person voting. As a lifelong voter in Oregon, I remember the inconvenience to take time off school or work and stand in line in order to do my civic duty to vote. I am proud of our mail in ballot voter turn-out! I am proud of Oregon, as you all must be to have chosen public service as our elected representatives. Therefore, I request that you represent me and stand proud of Oregon, oppose SB 210, and keep our current vote by mail system.

Thank you,

Kathy Johnson

Oregon resident for 68 years.
