

Submitter: Beverly Whitewolff
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

I work full time teaching at a public school. Unless election day for every election is a school holiday and child care is provided, I won't be able to vote. The number of days that my students have school, but my children do not exceed the number of flexible days that public school teachers in my district can take off. Before and after school (8:15-4:15), which is 40 minutes from my home, I am responsible for transporting my children to and from school.

Voting by mail means that I can research each ballot measure and each candidate. With the help of my voter guide and several Internet sources, I find out exactly who I am voting for and what the issues are. If you want informed voters and eligible voters who vote, please keep vote by mail!
