

Submitter: Terri Shofner

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Dear Legislature,

Stop this attempt to tamper with out elections. Our election by mail is the best in the country. We can track and guarantee our votes are counted. There is no such guarantee using voting machines that are easily hacked by Musk's people. Whatever we need to do, we must protect the security of our voting process in Oregon.

Thanks, Terri
