Measure, Appointment or Topic: SB210

I support SB 210. I voted that way in the past and strongly believe it is the manner of attaining an election with much less chance of fraud. It would require proof of citizenship. The bill if made law would require results of the election the next day or possibly the night of the election hugely decreasing tampering or cheating with tally of the ballots.

I don't have confidence in the current process in Clackamas County nor the whole state the way the vote is counted now - far to many possibilities of fraud.

Sincerely,
Geralyn Bennett
