Measure, Appointment or Topic: SB210

As someone who has lived in multiple parts of the country and has made Oregon home for the past 15 years, it has a my opinion that Oregon's current voting system sets the bar for the rest of the country. The act of voting is a rite and should be cause for celebration, not leave a citizen feeling as though time and effort went into suppressing that right on voting day.

Anyone who would propose a bill that makes the act of voting more difficult for Oregonians, to attempt to suppress their God given right as a citizen of the United States should be arrested for treason.

Oregon's current voting practices should remain unaltered.
