

Submitter: Judith Holman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Hello. My name is now Judith Holman and I live in Molalla, Oregon. I have voted here since 2016 and have found voting by mail an efficient and safe way to vote. As a senior citizen I appreciate being able to vote without the lines and crowds, often including children that, that can make waiting in line not only tiring but unsafe. Please don't go backwards. Let's move forward and make voting more assessing and safe for democracy to function properly.
