

Submitter: Deanna Edlund-Carnine
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

As a voter in Oregon, I support measure SB 210. It is time to end Mail In voting in Oregon. The integrity of our elections since the inception of Main In voting has been compromised by those who choose not to listen to the Will Of Oregon Voters. Our voice and choices should be reflected on any and All bills brought forth in committees.

We The People of Oregon are tired of the political leanings that do not reflect the voice of majority of this State.

You are "elected" officials that are required to listen to and support the voice of the People

You have failed on so many levels!

It is time to right this wrong and open the polls by ending Mail In Voting in Our State.
