Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose SB210. I moved to Oregon 10 years ago and have loved the vote by mail system in place. I can easily mark my ballot and have materials on hand to help me guide my decisions while I fill out my ballot. I do not have to worry about transportation, inclement weather keeping me from the polls, standing in line, or schedule conflicts. The mail in voting system has worked well in Oregon and has led the nation in this voting process. Don't change it.
