

Submitter: Judith Hankin

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To whom it may concern,
I oppose SB 210.

I encourage you to maintain Oregon's current system of Vote by Mail. It allows for easy, at home voting especially for those with disabilities and time constraints. Why go back to a single day voting system when Vote by Mail has been trustworthy and successful.

Vote No on SB210
