Measure, Appointment or Topic: SB210

Honorable Senate Committee on Rules,

I'm totally opposed to SB 210. It is designed to make voting in Oregon much more difficult, and thus an attempt to disenfranchise voters. In a democracy our lawmakers should be doing everything to make sure as many eligible citizens as possible can easily vote and participate in that democracy. I moved here from another state a number of years ago and was quite pleased by the ease and efficiency of Oregon's Vote by Mail voting policy. It's a very efficient use of our taxpayer dollars. This proposed bill will cost more money and disenfranchise many people. Please reject this bill/proposal.

Respectfully,
Oregon Resident
