I am PROUD to be a voter in Oregon where EVERY eligible voters can submit a ballot that is safe and secure. Residents who are confined to their homes due to physical frailty can vote. I remember spending 2 hours helping a wheelchair bound voter get to the polls and home in 1977. This bill would have excluded her from voting by 1980. She had polio in the 1930s, and was very bright. She simply was, for the most part, unable to get outside of her house without assistance. Oregon has one of the highest voter turnout rates in the country, and I believe that it is because of 100% mail in ballots.

If there is fraud that is occurring, show us the evidence of that fraud. Stop crying wolf, at the behest of the current President.

Please defeat this bill and stand up for those who are differently abled than yourself.
