

Submitter: Sarah Reynolds-Jackson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

How shameful that this propaganda on mail in voting is being addressed here in Oregon. Do not do away with mail in voting it is a lifeline for many working folks, disabled folks, parents, people who struggle with social anxiety and depression, this will only hurt the lower and middle income voters of our state. I am disgusted by the fear mongering and righteousness of this proposal. Keep mail in voting in this great state of Oregon.
