

Submitter: Jeri Bonis

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I moved to Oregon from a state that didn't have mail voting and it is one of the things that I have really appreciated about this state. It makes voting so much more accessible, and helps me stay informed when local/state elections and not just national ones are happening. I believe mail in voting promotes engagement from a wider base of the population and makes it so our more vulnerable community members are able to make their voices heard.
