On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please OPPOSE this bill!

Mail- in voting has been proven to be very accurate.

It enables and encourages many more people to vote - the elderly, the busy parents and folks working long jobs, the folks who are not mobile, or without easy access to transportation.

Please don't abolish this excellent tool for ALL Oregonians to have a voice!
