

Submitter: Robert Pack

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

SB 210 is an attempt to limit the ability of Oregonians to exercise their right to vote. It especially targets the elderly, rural Oregonians, the home bound and disabled Oregonians to name just a few of the groups that would be negatively impacted. SB 210 is an overt effort to subvert the will of the people by Senator Smith, (R-Port Orford) and his Republican colleagues.

I strongly request that SB 210 be rejected.
