

Submitter: Susan Shuman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

We are seniors and my husband is handicapped. We could not stand in line to vote. Mail in voting has been working here for years. No reason to change it. The current administration wants it stopped so people like us can't vote. They are trying to cut out a huge percentage of voters by doing this. I think it is manipulative and abusive.
