Measure, Appointment or Topic: SB210

Keep our mail-in election process the same as it is. My wife and I are both handicapped and in wheel chairs and this would make it very hard to vote. It would require us to make a trip to register to get a mail-in ballot. Our mail-in ballot system should be the model for the rest of this country. This system is backed up by paper ballots to insure accuracy. This measure is nothing more than an attack on Democracy by the wealthy and corporations to bring about rule by a dictatorship and its supporting oligarchy.
