

Submitter: Nikki Hoffman
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

I strongly suggest that you support SB2100 to end mail in voting. We don't need unregistered voters or illegals voting in this state. Fraud has been one of the many issues in Oregon and this would be a way to solve it. Just like it used to be. Go to the polls in person, with one day only voting and must have ID as well. There has not been a Republican Governor in the state since 1987 and that right there shows you that something is very wrong with the current system. There is no reason to the votes to be drug out for a week to be counted after the election day either. We always had just one day for votes to be counted, and that is the way it should be. There is no reason to allow the counting to go on for a week after the fact. Unless people are physically unable to get to the polls then they could request a absentee ballot otherwise for all the lazy people who don't want to get off the couch that is no reason to not go out and vote. All the people on here saying there is not a problem with fraud in elections in Oregon why is the state getting sued to clean up their voting rolls? There obviously is a problem when they send ballots to dead people , or people who have moved or even sending multiple ballots to a person. Put a stop to the mail ins and vote Yes on SB210. This needs to go to the voters to voice their opinion on this important measure.
